Linkedin : www.linkedin.com/in/ giri-krishna-c-m-628b6a427

A motivated and enthusiastic second-year Electronics and Communication Engineering student with a strong foundation in Python. Seeking opportunities to apply technical knowledge in real-world projects, gain hands-on experience, and contribute to innovative and scalable solutions while continuously enhancing professional and technical skills.

EDUCATION

2024-PRESENT: B.E. in ECE, V.S.B. Engineering Technical Campus (currently in 2nd Year)

Current CGPA: 7.46/10

March 2024: Class (XII), Nyruthi Vidhya Bhavan Matric Higher Secondary School, Tiruppur

Score: 71.3%

May 2022 : Class (X), Sri Kumaran Matric Higher Secondary School, Tiruppur

Score: 67.4%

SKILLS

Languages: Basic Java, Python

Tools & Technologies: GitHub, VS code.

Area Of Interest: Hardware Development, Coding

Soft Skills: Analytical Thinking, Problem Solving, Communication skills

CERTIFICATIONS & TRAINING

PROJECT EXPERIENCE:

- **Sustainable Home:** Designed a smart, energy-efficient home

Concept integrating renewable energy, IoT-based monitoring, and automated resource management. Focused on reducing energy consumption, optimizing water usage, and promoting sustainable living through smart technology.

- **4-in-1 Multimode Robot Car**: Developed a multifunctional robotic vehicle

With obstacle avoidance, Bluetooth, remote-control, and voice/gesture-based control modes. Integrated sensors, microcontrollers, and motor-control systems to enable flexible and intelligent navigation in different operating environments.

- **Lumora AI**: Developed a digital memory capsule platform

That allows users to securely store photos and videos as personal memories and lock them until a user-defined future date. Designed an interactive experience that transforms digital memories into time-based capsules, creating a unique way to preserve and revisit moments.

HOBBIES AND INTERESTS

Hobbies: Drawing, Reading Books, Volunteering, Football

Interest: Exploring Emerging Technologies, Skill development
